

Old Time Hawaii To Be Seen Here In The Carnival

Pageant and "Night in Hawaii" Arouse Interest

THE HAWAII of old time, which every malihini wishes to see and which few Hawaiians ever see nowadays, will be the note of the Hawaiian Day, February 20.

A HAWAIIAN pageant will be held at Kapiolani Park at 3 o'clock in the afternoon. The theme, a romance of an ancient prince of Hawaii, will be worked out by sixty-eight Hawaiians, many of whom are aliis, or of the blood of the chiefs.

IN THE EVENING "A Night in Hawaii" will be given at the Bijou Theater. Here offers a rare opportunity to see many of the true old Hulas, now almost lost and seldom seen by the casual visitor. Old mele (chants) will be sung. There will be playing of ukuleles by some of the best players of the islands, and the famous chorus of the Kamehameha Schools, all Hawaiian voices, will sing "Kamuhameha."

"A NIGHT IN HAWAII," being given indoors where the seating capacity is not almost unlimited as it is outdoors, is certain to attract a filled house. Although the sale of season tickets closes today seats for the separate events will go on sale at the Hawaiian News Company Monday. Reserved seats for the two Hawaiian events are \$1 each.

PROGRAM FOR THE WEEK

MONDAY, FEBRUARY 19
12 M.—Landing of the Kings of the Carnival.—Free. Foot of Fort St.

Twenty-five per cent reduction on round-trip steamer fares from all island ports.

Read this column daily to get details of the different 1917 Carnival events.

NEWS DESPATCH IS PUZZLING

Army men in touch with the officers' reserve corps enlistments on Hawaii were at a loss today to understand the exact meaning of an Associated Press despatch printed yesterday afternoon to the effect that less than a thousand of the required half-million men have volunteered under the new defense act.

It hardly seems possible that this means the reserve corps, they say, for the general belief has been that these enlistments over the country have come in rapidly. Hawaii alone has nearly 50 such. There is a possibility that the number in the despatch, however, means those who have actually secured commissions. Of these, Hawaii has about eight so far, with others to be heard from soon.

It is understood that in New York alone the number of enlisted so far in the army reserve corps is more than 1000.

AWARD TO BISHOP ESTATE IS SMALL

As a result of the trial of the condemnation suit, Territory against Bishop Estate, which has been held at Hilo during the past week, the jury awarded the latter \$891.90, including \$734.40 as damages. The suit was over a cemetery site desired by the city of Hilo.

Attorney-General I. M. Stainback, who represented the territory in the case, returned this morning from Hawaii.

The estate had demanded \$57,500, Stainback said, \$19,500 of which was for land value and \$38,000 for damages.

NEED OF TARIFF AFTER WAR TOLD TO CONVENTION

[By Associated Press]
PITTSBURG, Pa.—A plea that the United States tariff system, whatever its underlying principle, should be given certain bargaining provisions whereby American foreign trade may be encouraged and protected from discrimination, was made by William Straight, vice-president of the American International Corporation, in an address before the National Foreign Trade convention here.

Whole World to Revise
The tariff systems of the entire world will be revised after the war to meet new conditions, he said, with a tendency among the many belligerent nations to greatly increase duties in order to pay interest on their war debts. If European groupings of nations proposed to utilize bargaining tariffs, it was essential, said Mr. Straight, that the United States should be in a position to protect itself. He said:

"It has been stated that every effort would be made to continue past commercial relations with the neutral nations. Will the maintenance of such relations, however, be made contingent upon the willingness of neutrals to discriminate against German trade? The best method of avoiding such a dilemma is to realize that it may arise. If this or other equally difficult situations are possible, should we not now consider measures which will render them improbable?"

Must Meet Conditions

"The trend of economic policies in Europe is manifest. The need for maintaining our export trade is obvious. The United States will be the richest market in the world after the war. The United States will be the most serious competitor which European industry will be obliged to meet in its campaign for recouping the losses of the present struggle. This war has demonstrated the fact which some of us in this country have heretofore been disposed to ignore—that international trade, like domestic trade, is essentially an exchange of commodities. We cannot hope that we shall continue to sell some \$3,000,000,000 worth more goods than we buy. Commercial relationships to be permanent must be mutually advantageous. If we wish to sell our goods abroad, we must in turn purchase from foreign producers. Our purchasing power therefore is our first line of economic defense. To utilize it as such we must be able intelligently to regulate the importation into this country of goods which other nations desire to sell us. By so doing we may demonstrate the advantages which they may gain by purchasing articles, which is, in turn, desire to export. We need a bargaining tariff should be flexible. It should be possible to apply its provisions to meet situations as they arise. Our present tariff laws are inadequate from both points of view. Whatever the underlying principle of the American tariff system it should possess adequate resources for the encouragement of the foreign trade of the United States and its protection from discrimination abroad."

FORMER HONOLULU BOY HURT IN SAN FRANCISCO

Frederick W. Ziegler, Honolulu boy and formerly associated with the Hawaiian Trust Co., was run down by a street car and painfully injured in San Francisco a few days prior to January 22, according to advices received by friends and relatives here.
Letters from Ziegler say that he stepped off a street car at Geary and Mason streets at about 11 o'clock in the evening and, as he started across the street, was struck and knocked down by a car coming from an opposite direction. He was picked up unconscious and carried to the emergency hospital. He regained consciousness about four hours later.
Relatives of Ziegler told the Star-Bulletin today that the young man has now completely recovered.

Attention! Ad Clubbers! Ladies' Day

Wednesday, Feb. 14, 1917

at the regular weekly luncheon to be held in Young Hotel, sixth floor.

Kilauea Only 60 Feet Deep, Says Jaggard

Cooke hall was packed last evening when Prof. T. A. Jaggard, Jr., was introduced by L. W. de Vis-Norton to the largest crowd that has ever gathered at the Y. M. C. A. for a lecture. Professor Jaggard told of the Volcano with the recent happenings as the basis of his talk.

The noted volcanologist introduced evidence that completely revolutionizes the study of volcanoes. Professor Jaggard told the audience that the lake was a shallow pool, not over 60 feet deep at any point, and experiments with rods brought out the fact that at some places the lake was not more than 30 feet deep.

He said that underneath the lake there was a semi-solid substance which had been forced up by gases. He also brought out the fact that there is a connection between Kilauea and Mauna Loa, and introduced as evidence the fact that when Mauna Loa erupted Kilauea fell to a point 300 feet from the edge of the pit.

The main surface of the lake is about 800 centigrade, while the fountains show a heat of 1100 centigrade, and the spatacones, where the blue flames come to the surface, show a temperature of 1500 centigrade. Professor Jaggard illustrated his talk with slides of the Volcano, showing much of the recent activity. A number of tourists were present at the lecture, and all present listened to the remarks with attention.

LUSITANA SOCIETY TAKES ITS TROUBLES TO COURT IN SUIT

Friction exists once more among the members of the Sociedad Lusitana Beneficente de Hawaii.

C. Farfa and others constituting the board of directors of the society, this morning filed in circuit court through their attorney, Lorin Andrews, a suit for injunction to restrain Vicente Ornelas Teixeira, president; John Lemes, vice-president, and the organization from holding a meeting next Monday evening to discuss and act on certain matters which the directors claim they already have disposed of.

Circuit Judge Ashford was to sign a temporary restraining order this afternoon.

The directors allege that on January 22 they held a meeting and selected one A. G. Paschoal to fill the position of janitor at a salary of \$30 a month and rejected the proposal of one C. Luiz for the position. At this same meeting, they claim, they took up and acted on certain matters regarding the agency of the society in Oakland, Cal.

The respondents, the plaintiffs hold, have refused to be bound by the acts of the board in these matters and have called a general assembly for next Monday evening for the purpose of discussing them and also, it is further alleged, "for the purpose of illegally having the said general assembly usurp the powers of the board of directors."

Plaintiffs ask that the respondents be restrained from holding the meeting and that a permanent injunction be issued.

A charter was granted to the Ajax Rubber Company, Ltd., of Canada with a capital of \$1,000,000.
A charter was granted to the Lake Winnipeg Paper Company, Ltd., with a capital stock of \$5,000,000.

SEEKS DESIGNS FOR NEW POSTER

In the interest of its campaign to develop greater summer travel from the mainland to Hawaii, the Hawaii Promotion Committee proposes to issue a summer travel poster, the size of the Mid-Pacific Carnival poster, and will award a first and second prize for competitive designs. As the principal amusement attraction of the summer season in Honolulu is the celebration of Kamehameha Day, June 11, when Hawaiians present a pageant-spectacle, depicting incidents of ancient Hawaiian life, when the polo tournament season opens and the race track events are also opened, the Promotion Committee intends to carry on an extensive campaign all over the United States to give these events publicity.

With all the events more or less connecting with the name of Kamehameha, the committee believes that a poster design in which Kamehameha is shown, the artist utilizing the Kamehameha statue largely for this purpose, and border suggestions of a Hawaiian pageant, polo, surfing and plenty of sunshine, will about meet the requirements.

Meeting on February 21

The Promotion Committee will hold an inter-island meeting in Honolulu on February 21, with all the members from the "outer islands" present. At the meeting will also be J. Walter Scott, superintendent of the Promotion Committee office at San Francisco, who will arrive on the Great Northern, February 19. The committee will open the designs at that meeting and pass them over to a special award committee for decision. The competition will be open to all persons who wish to enter designs. It is desired, above all things, that the design have the atmosphere of Hawaii, with its warm, sandy bathing beaches, its sunny skies and a glimpse of its flowering trees.

The first prize will be \$75 and the second \$25. The designs should be presented to Secretary A. P. Taylor of the Hawaii Promotion Committee. The designs are not to bear any designation marks for identification, but identification marks will be made by Secretary Taylor.

The awarding committee will be made up of at least two members of the Promotion Committee and five residents of the islands, to include well-known persons.
